FENTEX

# REBEL CUSTOM SHOP

We are famous for making custom kits. Exotic woods from around the world, sonically different shell configurations, lacquered finishes, graphics, sparkles, two different color choices of the drum hardware and much more. It's about expressing your personal style behind the kit and on it. Below are some color combinations and ideas, just to get started. For more information, visit our online configurator.

Suggested Retail Price Including VAT Effective March 1, 2023 and subject to change without notice

# REBEL CUSTOM SHOP

MORE WOOD LESS GLUE

Our Custom Shop in Italy starting with only select, responsibly harvested woods, a variety of shells configurations are crafted to order. Choose from "All" wood shells such as North American Maple, Finnish Birch, superb Khaya Mahogany, Maple & Mahogany, Birch & Mahogany, Maple & Poplar, Maple & Walnut and M95. Add to that, a selection of custom finishes, diameters and depths, to design the ultimate drum kit. The Rebel Custom Shop drums feature proprietary bearing edges and multi thickness shell technology.

**Finish: Water Base Satin & Water Base Satin Fade**

## Shells:

North American Maple, Finnish Birch, Kyaya Mahogany, Maple & Mahogany, Birch & Mahogany, Maple & Poplar or Maple & Walnut.

# MOTHER NATURE SNARE DRUMS

DRUMS + ENVIRONMENT

The Mother Nature Snare series is born from the love of drums and environment and set new standards in terms of performance and quality for the Musical Instrument industry. These snares feature a unique horizontal orientation and offer a sound distinct from conventional ply drums. The result is a clarity of sound which cuts through the mix yet remains musical and vibrant. In respect of our best woods we are very proud to use for the first time in history a new formulation of water-based coatings for wood that respect the planet and with a socially responsible production cycle. These BIO Coatings are made in Italy with recycled materials and are in line with the latest green policies adopted worldwide. Thanks to their exceptionally low environmental impact, they qualify for LEED credits.
